Report

Student satisfaction survey

ON

Teaching Learning and Evaluation

Student satisfaction survey (SSS) was conducted among the students of the college through an online web link. Students were randomly selected for the student satisfaction survey by feedback committee. Except particular student nobody was know we student has received the student satisfaction survey (SSS) email and what they have responded. Thus student will remain anonymous throughout the process.

The question is based on the likert type scale that means the students will have to give responses on a scale of 0 to 4 with the most positive response being rated as 4 and the most negative response being rated at 0. Analysis of the survey is done using software which will aggregate the response and generate the score of the student satisfaction survey which is important key indicator in overall grade of Institution.

In student satisfaction report (SSR) 20 of the 21 Questions objectives in nature, which one person is open ended to draw out observation and suggestions for improvement, thereby providing an opportunity to the student to give suggestions and criticism in their own words. The question consist of several facets on the teaching and learning process.

Student satisfaction report (SSR) is based on responses of about 52 to 100 students. The survey report is displayed on the college website and it is presented in the IQAC and college development committee meeting.

Where 0 - (Below 30%) 1-(30% to 54%) 2-(55% to 69%) 3-(70% to 84%)
And 4-(85% to 100%)

Student Satisfaction Survey(SSS)

Instruction to fill the questionnaire:

- All questions should be compulsory attempted.
- Each question has five responses, choose the most appropriate one.
- The response to the Qualitative question no 21 is student's opportunity to give suggestions or improvements. Students can also mentions weakness of the institute here .

Student Satisfaction Survey 21-22

1 How much of the syllabus was covered in the class?

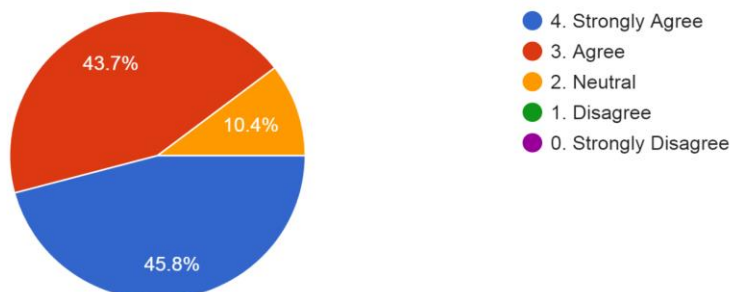

48 responses

From above graph it is observed that 95.8 % students responses that syllabus was covered in the class.

2. How well did the teachers prepare for the classes?

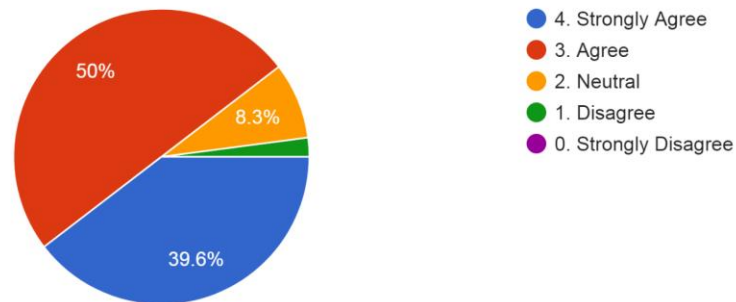

48 responses

From the above graph it is observed that 89.5 % student's responses that well the teacher prepare for the classes.

3. How well were the teachers able to communicate?

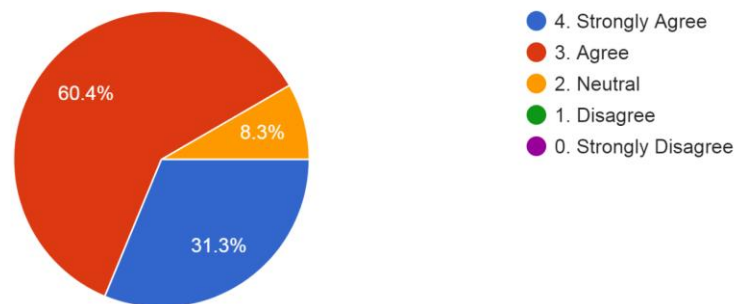

48 responses

From the above graph it is observed that 89.6 % students responses that the teachers are well able to communicate.

4. The teacher's approach to teaching can best be described as

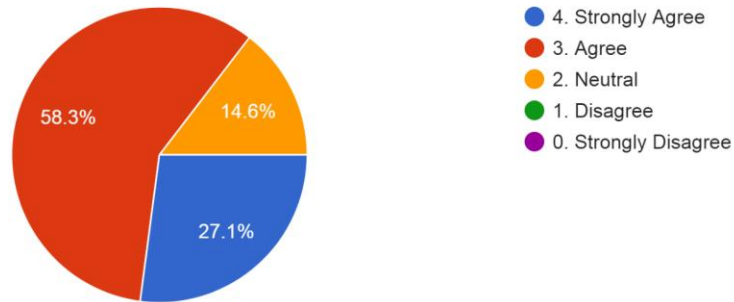

48 responses

From the above graph it is observed that 91.7 % student's responses that the teacher's approach to teaching can best be described.

5. Fairness of the internal evaluation process by the teachers.

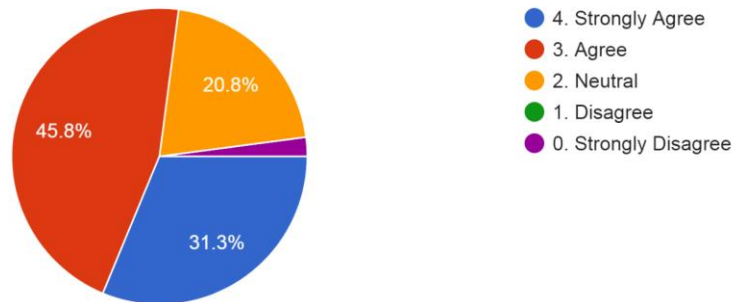

48 responses

From the above graph it is observed that 85.4% students responses fairness of the internal evaluation process by the teachers.

6. Was your performance in assignments discussed with you?

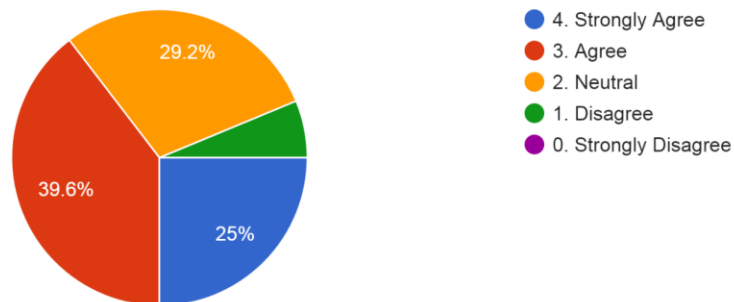

48 responses

From the above graph it is observed that 77.1 % students responses that 70% and more our performance in assignment discussed with us.

7. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

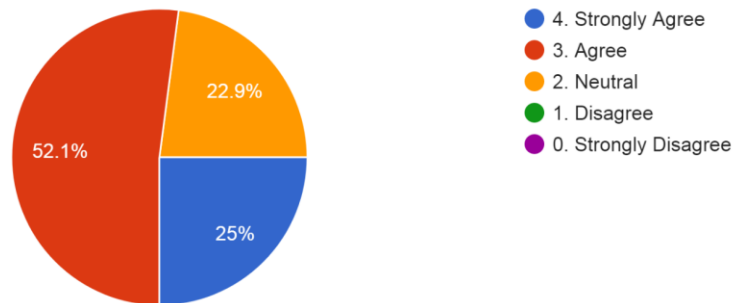

48 responses

From the above graph it is observed that 64.6% students responses that the institute takes active interest in promoting internship, student exchange, field visit opportunities for students

8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.

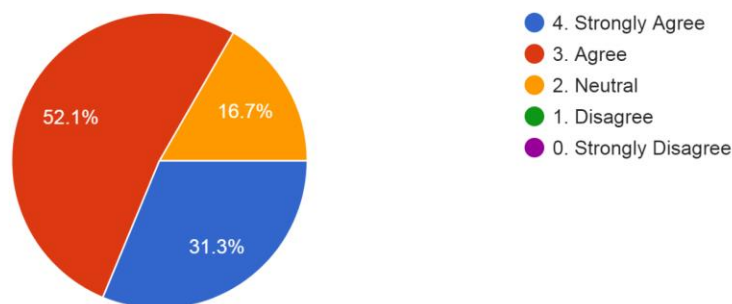

48 responses

From the above graph it is observed that 77.1 % students responses that the teaching and mentoring process in our institution facilities you in cognitive, social and emotional growth

9. The institution provides multiple opportunities to learn and grow.

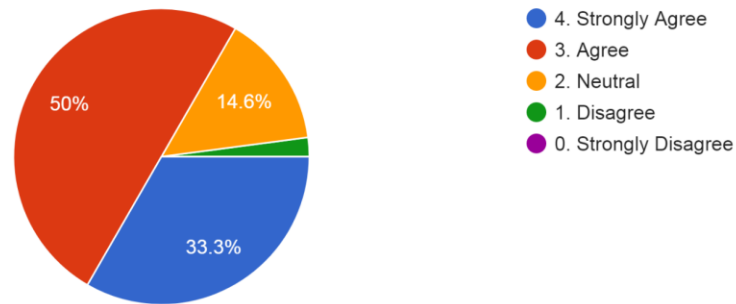

48 responses

From the above graph it is observed that 83.4 % student's responses that 70% and more the institution provide multiple opportunity to learn and grow

10. Teachers inform you about your expected competencies, course outcomes and programme outcomes.

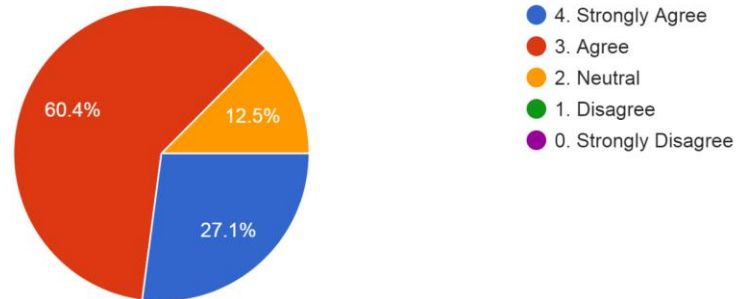

48 responses

From the above graph it is observed that 83.3 % students responses that teacher inform us about our expected competencies, course outcomes and programme outcomes.

11. Your mentor does a necessary follow-up with an assigned task to you.

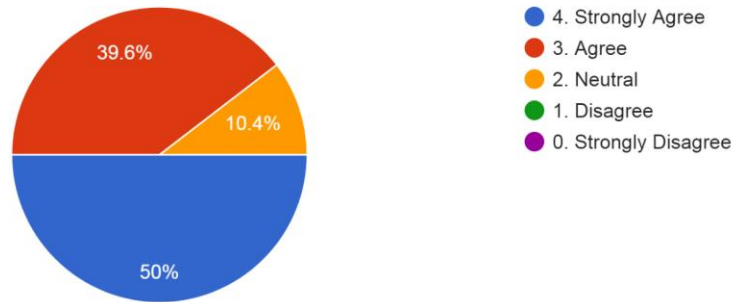

48 responses

From above graph it is observed that 87.5 % students responses our mentor does necessary follow-up with an assigned task to you.

12. The teachers illustrate the concepts through examples and applications.

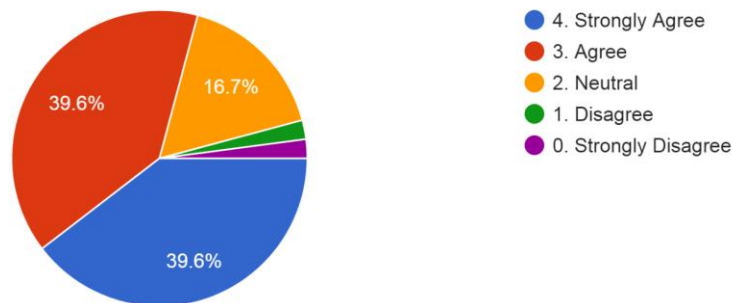

48 responses

From the above graph it is observed that 89.6 % student's responses the teachers illustrate the concepts through examples and applications.

13. The teachers identify your strengths and encourage you with providing right level of challenges.

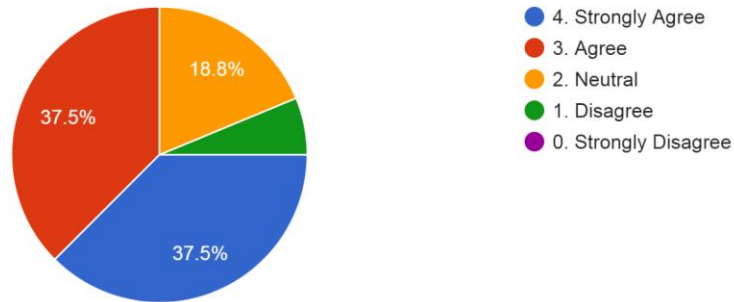

48 responses

From the above graph it is observed that 79.2 % student's responses teachers identify your strengths and encourage us with providing right level of challenges.

14. Teachers are able to identify your weaknesses and help you to overcome them.

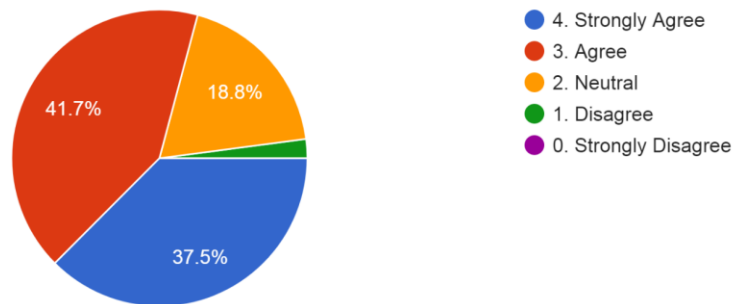

48 responses

From the above graph it is observed that 75 % student's responses teachers are able to identify your weaknesses and help us to overcome them.

15. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

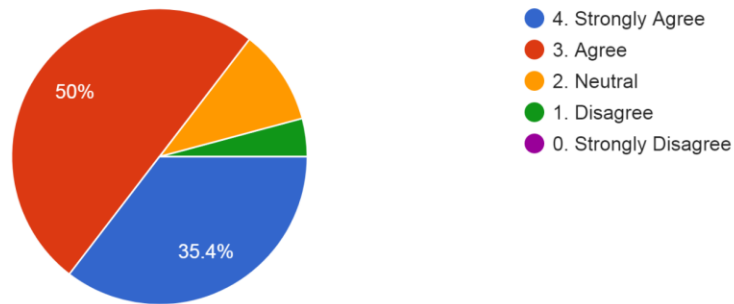

48 responses

From the above graph it is observed that 79.2 % student's responses that the institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

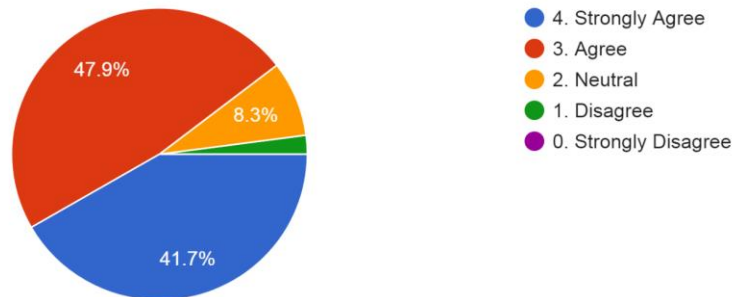

48 responses

From the above graph it is observed that 85.4 % students responses that the teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

17. Teachers encourage you to participate in extracurricular activities.

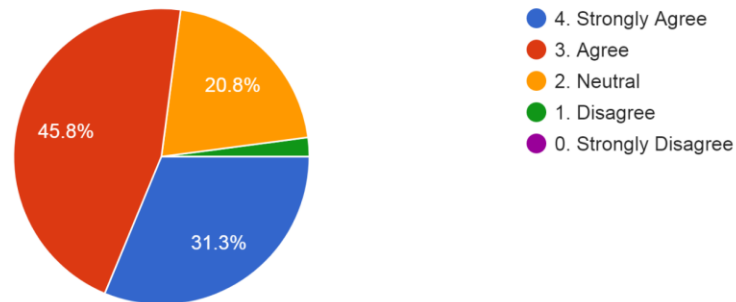

48 responses

From the above graph it is observed that 89.6 % students responses teachers encourage us to participate in extracurricular activities.

18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employ ability skills to make you ready for the world of work.

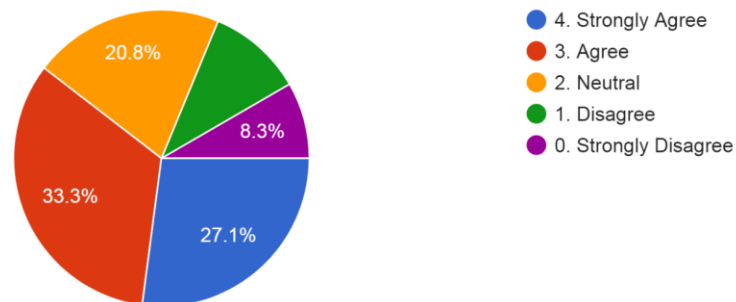

48 responses

From the above graph it is observed that 77.1 % student's responses that 70% and more Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make students ready for the world of work.

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

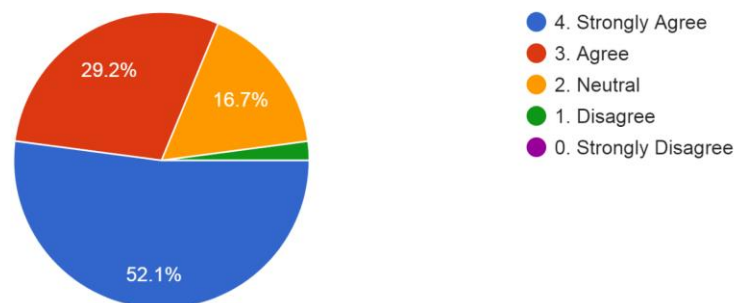

48 responses

From the above graph it is observed that 60.4 % student's responses the overall quality of teaching learning process in our institute is very good.

Sr.	Questionaries'	Average Score
-----	----------------	---------------

20. The overall quality of teaching-learning process in your institute is very good.
48 responses

From the above graph it is observed that 81.3 % students responses that the overall quality of teaching learning process in our institute is very good.

No.		
1	How much of the syllabus was covered in the class?	95.8
2	How well did the teachers prepare for the classes?	89.5
3	How well were the teachers able to communicate?	89.6
4	The teacher's approach to teaching can best be described as	91.7
5	Fairness of the internal evaluation process by the teachers.	85.4
6	Was your performance in assignments discussed with you?	77.6
7	The institute takes active interest in promoting internship, student exchange, and field visit opportunities for students.	64.8
8	The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.	77.1
9	The institution provides multiple opportunities to learn and grow.	83.4
10	Teachers inform you about your expected competencies, course outcomes and programme outcomes	83.3
11	Your mentor does a necessary follow-up with an assigned task to you.	87.5
12	The teachers illustrate the concepts through examples and applications.	89.6
13	The teachers identify your strengths and encourage you with providing right level of challenges.	79.2
14	Teachers are able to identify your weaknesses and help you to overcome them.	75.00
15	The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.	79.2
