

3.4.1: Outcomes of Extension activities in the neighbourhood community in terms of impact and sensitizing the students to social issues for their holistic development during the last five years.

Even today people of the society are not aware about their health, hygiene and diseases in most places of Parola taluka area. So many citizens and villagers suffering from various diseases like malaria, diarrhea, Cancer, HIV-AIDS, etc. Therefore, various social activities for awareness of health, hygiene and diseases are implemented through NSS, Sports, and Student development department of our college. The volunteer's students can go to among society and learn about their social problem, Health issues, diseases. On the basis of their need volunteers arranged various camps in that area. The college is organizing the following extensive activity during each year in the neighborhood community for sensitizing students to social issues and their holistic development and impact. The NSS and Sports departments collaboratively work with government and non-government body/Agency. The volunteers arranged vaccination camps during pandemic covid-19 period. Students was trying to maintain social distance by standing in crowded places like Market, Bank, Hospitals, etc. Due to lockdown announced by the state and central government the railway, buses and private vehicles were closed, so many migrant peoples were walking, for them students arranged food and water for them. Girls volunteer made the mask himself sitting on sewing machine. Masks were distributed free of cost to rural women and men and aware the villagers.

Volunteer launched campaign to inform people about the importance of sanitization.

College students along with police personnel, challenge people not to leave their homes without important work.
