## Report of Clean and Green Campus Initiatives

### Clean Campus and Green Environment:

- In the main campus of the college focus is given on the cleanliness due to limitations Of place. In the second campus focus is both on cleanliness and Green area.

- Strict instructions have been given to the students to maintain the campus clean. A Full-time adequate support staff is appointed for the maintenance of litter free clean And Green Campus. Solid waste is segregated as bio degradable and non-degradable and handed over to Municipal Corporation. All Departments have provided with Dustbins for dry wastage disposal. A commend dustbin Segregation of waste into dry And wet waste from the separately allotted dustbins is done in strategic locations, thus maintaining the Campus clean and eco- friendly. Use of sanitary disposal machine is one of the best practices adopted by the college towards eco-friendly disposal mechanisms. Bio waste is treated and converted into vermin- compost in The vermi compost pit at Second Campus.

- The college adopts most scientific and eco-friendly e-waste disposal mechanisms Such as Annual Maintenance Contract, periodically review the effective functioning of CPU's and Monitors and expert recommendations are followed to dispose the same through E-waste disposal policy. Absolute workable computers, printers and other equipment discarded by departments are sold as scrap. The cartridges of printers are refilled outside the college campus. UPS Batteries are recharged and repaired by the suppliers.

- Students are made aware that conserving water is equivalent to conserving their future. Refilling water bottle from the water purifier is one of the best practices followed. Leakages and wastage of water attended promptly. Green Audit is conducted to identify, quantify, describe and priorities a framework of Environment Sustainability in compliance with the applicable regulations, policies and standards.
- The institution organizes tree plantation program every year at the College Campus - World Environmental Day. Students and staff enthusiastically initiate and participate in the tree plantations drive in campus and also outside the campus. Environmental promotional activities conducted in collaboration with government to bring awareness among the students regarding advantages of tree plantation for an Eco-friendly Environment. The plantation program includes plantation of various types of ornamental and medicinal variety, wild plant species stepping up the oxygen levels on the campus.
- "No Smoking" in campus area: Tobacco and tobacco products are strictly prohibited In the college premises and consuming tobacco and tobacco products is a punishable Offence. The instructions regarding this are given to the students and the staff members.
- **Ban on Single-use Plastics in the Campus:**

Following the MHRD and UGC guidelines, on 2 October 2019 to educational institutions across the country, the college has issued a notification to students and all stakeholders that there would be a ban implemented on the use of single use plastics on the campus. The institution committee conducts sensitization programs on the harmful impact of Single-use plastics and mandates all the students to avoid carrying non-bio-degradable Plastic items to the institution, which includes plastic bags, cups, and plates, small drinking water bottles, straws and sachets.

These strategies are incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. This policy will be communicated to the students and employees via internal communication channels and will be made available to all the stakeholders on the institutional website.
